 - Remove hull plugs
 - Disconnect batteries

- *Trailer inspection*
 - Inspect winch operation
 - Inspect trailer lights
 - Inspect hubs for tightness, and lube condition
 - Perform visual inspection of frame
 - Inspect tires and set pressure, t
 - Torque wheels.

- **Engine Oil & Filter change**

\$795.00(+tax)

Platinum Package

- *Winterization*
 - Grease the steering linkage
 - Mix fuel stabilizer into fuel
 - Test operation of bilge pump
 - Test operation of ballast pumps
 - Test operation of blower
 - Test operation of lights
 - Drain ballast system
 - Fill ballast system with antifreeze
 - Interface ECM for codes
 - Check for any manufacture recalls
 - Remove hull plugs
 - Disconnect batteries
 -
- *Trailer inspection*
 - Inspect winch operation
 - Inspect trailer lights
 - Inspect hubs for tightness, and lube condition
 - Perform visual inspection of frame
 - Inspect tires and set pressure, t
 - Torque wheels.
- **Engine Oil & Filter change**
- **Change Transmission Oil & Filter**

\$985.00(+tax)

Diamond Package

- *Winterization*
 - Grease the steering linkage
 - Mix fuel stabilizer into fuel
 - Test operation of bilge pump
 - Test operation of ballast pumps
 - Test operation of blower
 - Test operation of lights
 - Drain ballast system
 - Fill ballast system with antifreeze
 - Interface ECM for codes
 - Check for any manufacture recalls
 - Remove hull plugs
 - Disconnect batteries

- **Engine Oil & Filter change**
- **Change Transmission Oil & Filter**

- **Basic Detail**
 - Wash complete
 - Soap
 - Rinse
 - Wax exterior
 - Clean Bimini & boat covers

\$1150.00 (+tax)

- | | |
|--------------------------------|----------------|
| - Extra Width Material (20 ft) | \$ 2/ft (+GST) |
| - Zipper Access Doors | \$40ea (+GST) |
| - Dri-Z-Air | \$25ea (+GST) |
| - Mold Protection Spray Down | \$50 (+GST) |
| - Solar Powered Vent | \$30ea (+GST) |

Info Needed To Book shrink Wrap

- Length of boat _____

- Make & Model _____
- Slip # _____
- Tower or arch on boat _____
- Swim Platform Included? Y / N _____

Detailing Packages

We want you looking your best on the water, so let our professionals take care of all your detailing needs. Our services include

- Wash
- Power Polishing
- Carpet Shampoo
- Upholstery Cleaning and conditioning
- Hull scum and algae removal
- Engine detailing
- Stainless steel polishing
- Cover Cleaning

Don't let the Value of your boat fade away!

The only way to keep your boat looking its best for long periods of time is through regular surface maintenance. Exposure to the sun leads to oxidization of your gel-coat and faded color.

Wash

It sounds basic but washing removes loose contaminants from the surface. If allowed to remain will eventually bond or etch the surface. Only use recommended PH balanced, biodegradable boat soaps, which wont strip the wax from your boats surface and will not harm the aquatic life.

Clean Polish & Protect

To achieve a show room, shine multiple steps need to be followed to allow high quality results that last long term. The surface first must be prepped by cleaning

all above surface contaminants, then by removing all water spotting, scratch's, and finally oxidization. This must be followed with a polish to bring out your boats brilliant shine. Finally apply top coat wax to protect against the suns UV rays and to keep out foreign contaminant's

Cover

Cover your boat when it is not in use, shrink wrap or store indoors if not being used for long periods of time. Ask as about custom covers or storage cover needs.
